MEMBER COMMENTS:

Some members suggested that we modify our recent ticketing-by-lottery method to give preference to those who did not get into the prior party. Linda and Marv brought up how complicated this would be because:

1. we are not dealing solely with individual members. In the lottery we also pull numbers associated with table organizers and with them come up to 9 other people. The make-up of those tables change every party.
2. If the Club were to go to signing up only as individuals/couples, (not offer the “table-ing up option”), it would make the process of tracking easier. However, about half the members present did not like that idea because they did not want to sit with anyone other than their friends.

An idea of splitting up the Club in two groups alphabetically was brought up. Another idea was every other month to have an party not offering the ‘table-ing up” option to test it out. Marv asked anyone with more development of these or other ideas, to e-mail them to him.

Any motion within this discussion, died for lack of a second or were withdrawn.

ADJOURN: The meeting was adjourned at 5:45 p.m. and pizza and beverages were served.
